

Looking for a place to shop for and/or donate gently used clothing and household items?

Families First recently made the difficult decision to close the Family Exchange free store. Because there are other resources in the community similar to the Family Exchange, and because space at Families First is very tight, we need to use the Family Exchange room to provide our core health care and family services, which are not available anywhere else.

If you have been a Family Exchange donor, shopper or volunteer, we thank you for your participation. Please see below for places where you can continue to do these things. Many are very convenient to Families First; those marked with a * can be found on the map on the reverse of this page.

For more information, contact Pam at 603-422-8208 ext. 125.
